創建於 1964

智慧廚房（AIKitchen）是台灣首屈一指的廚具設計與製造公司，創建於 1964 年。前身為日日新牛頭牌廚具，從 60 年代最早期的媽媽樂型廚具、70 年代代理日本第一品牌廚具 TAKARA STANDARD 琺瑯廚具、80 年代更率先業界引進義大利名品廚具 SALVARANI CUCINE，至今已半世紀。從傳統到現代，從手動到自動，從舒適、簡便到安全、健康，智慧廚房不斷的突破，持續以人為本的核心理念，以 50 年的專業製造經驗及對本國人使用習性的深入了解，加上與歐洲同步的設計理念及最新環保概念的運用，為新一代的居住空間提供最完整的服務與品質保證。

智慧廚房已成功行銷產品至美國、澳洲及中國等世界各地。

創新研發

智慧廚房多年來致力於發展技術面與市場面之創新知識與前瞻思維，從智慧化流理台、電動升降吊櫃、電動雙層推門收納櫃、RFID 智慧化科技廚房到智能淨化廚具，不斷開發出對於未來生活應用之創新產品與概念。2010 年領先全球獨家推出 " 智能淨化廚具 "，將奈米 SKG 滅菌技術，融入櫃面、廚櫃、門板及把手結構裡，24 小時隨時隨刻全面啟動滅菌功能，讓您從此不用費心消毒清潔、更不用插電淨化，全家輕鬆享受環保、健康的樂活生活！

專業製造

智慧廚房為滿足現代居家空間，也設計與製作出風格與實用功能兼具的多元收納櫥櫃系統，無論是電視櫃、衣櫃、餐具櫃、鞋櫃、書櫃、置物櫃、櫥櫃、浴櫃等皆融入空間規劃，延伸出具有特色與美感、功能兼備的系統櫥櫃，為居家空間效能利用做最完善的整合。

精準工藝

智慧廚房全廠佔地 1500 坪，為台灣少數擁有政府合格執照之廚具及系統櫃等製作工廠。智慧廚房引進國際專業生產機器和五金零附件，配合多年淬煉的熟練技術與經驗，標準透明化的製程，保證了加工的精確與速度，我們對細節的堅持與品質的承諾，為廚具及系統櫃等製造奠定了堅實的基礎。

合作案例

智慧廚房與許多知名建商、大小企業、設計公司皆有合作經驗，在過程中，智慧廚房視每一次的合作案例為無價的經驗累積，全力以赴的態度，堅持達成設計要求的品質，因而不斷創造出經典且歷久彌新的空間規劃，寶貴的經驗傳承 50 年，累積的案例遍及全台灣！

完美服務

好的廚房規劃，需要搭配好的製作品質加上完善的施工安裝，才能展現最佳的品味與機能。智慧廚房的售後服務保證，以 50 年的在地經營、自有工廠與服務團隊的優勢，貫徹在每一次要求完美的售後服務中！

經營願景

智慧廚房的宗旨架構在全面生活品質的提升。我們不僅引領潮流也代表著台灣廚具工業的一個重要里程碑。藉由不斷創新技術與設計和絕對以客戶為導向的熱誠，表現出卓越的品牌文化，和您攜手共創未來。

Established in 1964

AIKitchen, a Taiwan-based company founded over 50 years ago, specializes in the best in advanced kitchen design and manufacturing. It has evolved through the years, from the 1960s, when it first produced a 3-piece kitchen cabinetry set, to the 1970s, when it became the first authorized dealer for Japan's number one kitchen brand "Takara Standard", to the 1980s, when it was the first to import the Italian kitchen brand "Salvarani Cucine". Currently, it has successfully exported to United States, Australia, China and more worldwide. From traditional to modern, from manual to automatic, from comfort and simplicity, to safe and healthy living, AIKitchen continues to evolve and advance. AIKitchen's strengths include its people, deep understanding of customers, and on contemporary, environmentally-friendly design. The combination of these factors has enabled the company to be a leader in kitchen design, innovation, quality and service.

Continuous Innovation

AIKitchen has always been a leader in developing and applying innovative technology. From the adjustable electric lift countertop, to automatic wall cabinets, automatic interlaid cabinets, the RFID-integrated kitchen, and the antibacterial kitchen, AIKitchen continually invents for better living. In 2010, it was the first to introduce to the global market its "SmartClean" series, incorporating SKG antibacterial nanotechnology into countertops, cabinets, panels and knobs. SKG antibacterial nanotechnology kills germs around the clock, so customers don't have to worry about cleaning to disinfect germs, or to use other chemical detergents, but can instead enjoy an environmentally friendly and healthy life.

Specialized Manufacturing

To meet the requirement for modern living spaces, AIKitchen also designs and manufactures multiple system furniture that is both stylish and functional. AIKitchen provides custom-made cabinetry for closets, bookcases, kitchens and all other rooms, all of which are integrated into space planning to accentuate character and beauty, and to best support your living experience.

Fine Craft

AIKitchen's factory occupies 53,400 ft², and is one of few companies in Taiwan to have obtained a government license to produce kitchen cabinetry and system furniture. The company has brought in internationally renowned state-of-the-art technology, combining this with years of accumulated knowledge in a highly-skilled work force, and a commitment to quality and detail.

Partnership

AIKitchen is experienced in partnering and working with many well known construction companies, small and large enterprises, and design firms. To AIKitchen, every partnership is a priceless experience, had always given 100% to meet the quality and requirement of the design. Through the 50 years, AIKitchen has partnered projects all over Taiwan, constantly creating classic and timeless work.

Excellence in Service

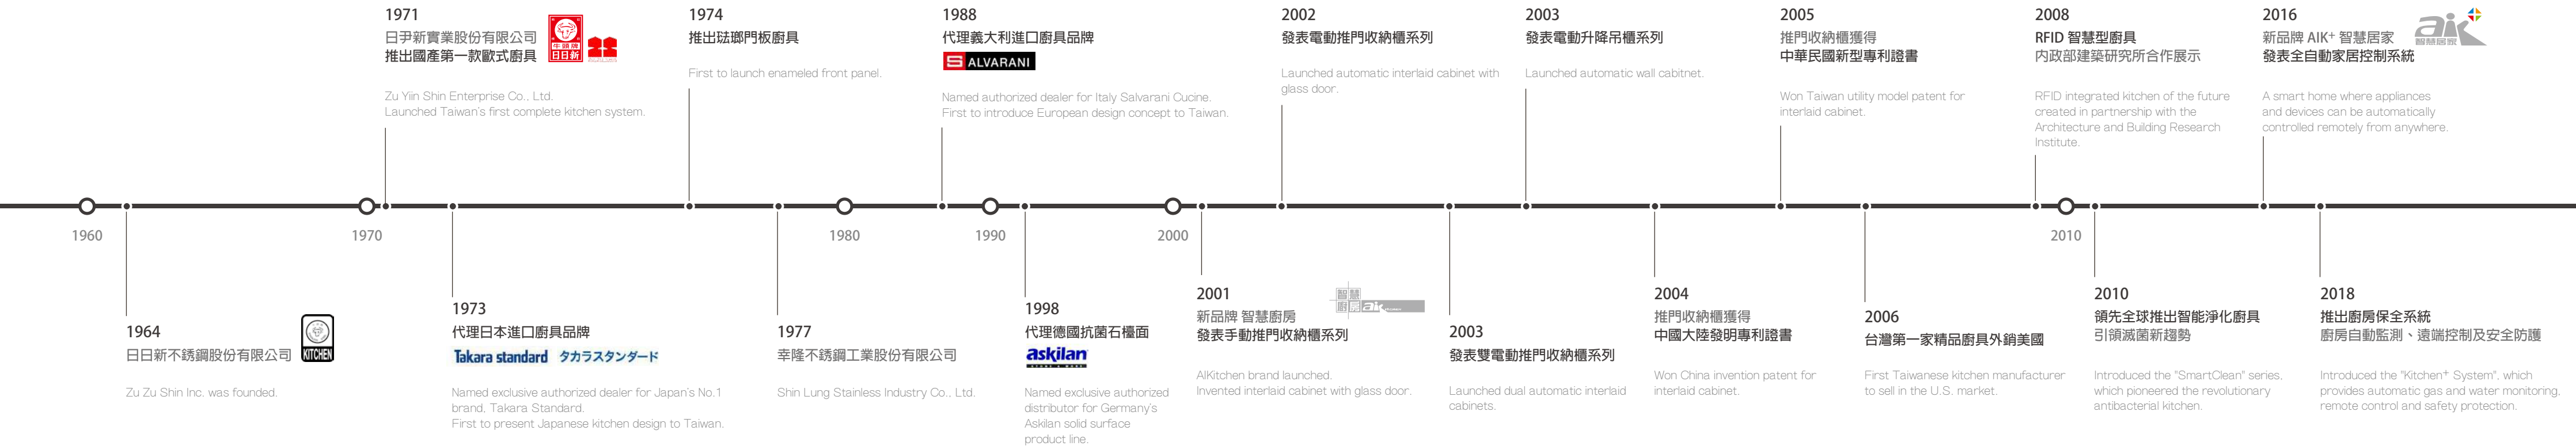

A well-done kitchen requires not only good planning but also superior manufacturing quality and a seamless installation. AIKitchen's service guarantee is supported by the experience gained by 50 years of operating locally, having its own factory and its own in-house, dedicated service team.

Our Vision

AIKitchen's goal is to improve customer living standards with high-quality, beautifully-designed, and environmentally-sensitive living systems. We will continue to relentlessly innovate in technology and design, we also build on our "Customer First" brand culture. We hope to have the opportunity to create this future with you.

智能淨化

SmartClean

滅菌

antibacterial

智慧廚房之智能淨化系列產品，具有 10 年以上防潮防黴滅菌能力及除臭功能。

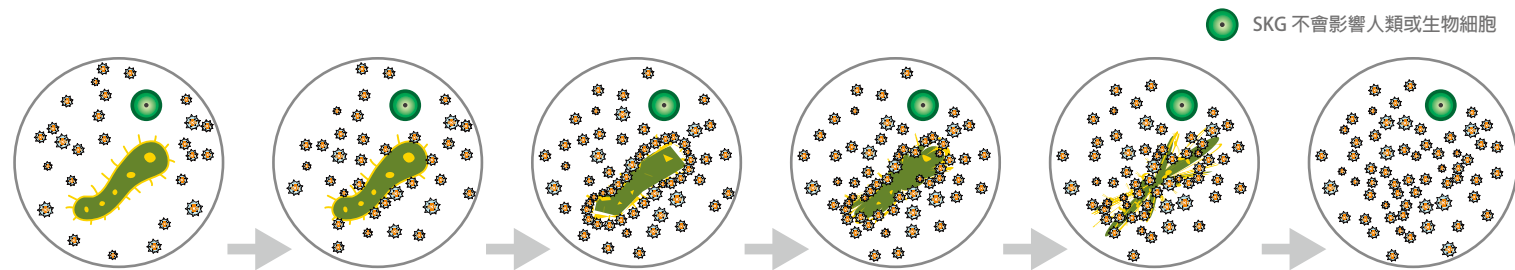

奈米 SKG 滅菌技術已被第三公證者界證實（例如：SGS 檢驗），可殺死數十種指標性微生物細菌及病毒，且經檢測對人體完全沒有侵害。本產品由檢驗機構針對黑黴菌及青黴菌屬等多種常見頑固黴菌提供防黴檢驗報告。並由 SGS 針對肺炎桿菌、金黃色葡萄球菌、大腸桿菌及綠膿桿菌四種常見致病性細菌提供超過 99% 滅菌率檢驗報告。

24 小時輕鬆守護全家人的健康

細菌在養分充足的環境下可存活 4 天之久，最可怕的是牠可以世代倍數分裂繁衍，在人體免疫力負荷過重、抵抗力下降時，接觸到了細菌即會產生身體疾病。智能淨化廚具，將奈米 SKG 滅菌技術，融入檯面、廚櫃、門板及把手結構裡，無論是任何鉅細靡遺角落，24 小時隨時隨刻全面啟動滅菌功能，從此不用費心消毒清潔、更不用插電淨化，輕鬆享受、環保、養生的樂活生活！

奈米 SKG 滅菌機制

奈米 SKG 滅菌技術是一自身兼具殺菌、抑菌功能的新型奈米複合型鋅矽化物，內含的奈米材料多達 12 種以上，非市面一般奈米銀可比擬。

細菌無所不在，當奈米 SKG 滅菌技術接觸到細菌時，可直接穿透細菌的細胞壁，進入菌體迅速阻斷其代謝並破壞酵素活性，此時更因外物的侵入，最後膨脹爆裂致死。細菌為原核細胞，哺乳動物是真核細胞，奈米 SKG 滅菌技術只會針對細菌的核蛋白體有攻擊性，絕不影響哺乳動物的真核細胞，滅菌機制安全無虞！而且奈米 SKG 滅菌技術在消滅病菌後並不會流失，依然可持續發揮滅菌功能。

通過多項國際檢測 安全有保障

防黴檢驗測試：針對多種常見頑固黴菌，通過 SGS 防黴檢驗認證

滅菌檢驗測試：由 SGS 提供多種滅菌檢驗報告

安全無毒測試：通過 RoHS 重金屬及歐盟 SVHC 高度關注物質檢測

口服毒性測試：通過 ISO 17025 認證之國際級實驗室檢測

動物皮膚測試：通過 ISO 17025 認證之國際級實驗室檢測

奈米 SKG 滅菌技術 完全環保

生活中是不是使用了過多的清潔劑？你用的清潔劑會不會為環境增加負擔？

強力的清潔用品，可能會帶來過敏原、環境荷爾蒙，或是使用過後的殘留成分能否分解，會不會殘留對身體有害的化學物質及對環境造成傷害或負擔，對地球的生命力造成負面影響？

奈米 SKG 滅菌機制完全環保，沒有殘留有害物質的問題，更不會對環境造成傷害或負擔，奈米 SKG 滅菌技術無須任何能源仍能持續發揮滅菌、抗菌、防潮除臭的效果，隨時隨刻保護您全家人的健康。

為妻小、為長輩 明智的廚具新選擇！

智能淨化廚具以高標準滅菌要求，在所有您「手與口」會接觸的地方，都融入奈米 SKG 滅菌技術，甚至是連最常接觸的把手，皆全方位、毫無死角為健康把關！無論是年幼的孩子，東摸西摸，隨手亂吃的習性，還是免疫力較弱的長輩，交給智能淨化廚具隨時滅菌的機制，都能放心享健康！而媽媽清潔廚房變得更輕鬆、不再是件苦差事！這一切，只需多花一點代價，即可換得全家人無價的健康！選擇智能淨化廚具絕對是您愛家人的表現、最明智的決定！

Guaranteed over 99% Sterilization Rate! SGS Inspection Approved.

AIKitchen's SmartClean series infused with SKG antibacterial nanotechnology has been confirmed to kill more than 21 kinds of significant microbe and bacteria. Four most usual illness-caused bacteria, Klebsiella Pneumoniae, Staphylococcus aureus, E. coli and Pseudomonas aeruginosa can be eliminated over 99% by SGS test. Moreover, SKG antibacterial nanotechnology has been proved to prevent mildew and odor. SmartClean series come with a 10 years guaranty of sterilization.

Safe and Secure!

It has passed several international tests to assure safety.

Anti-mold test: SGS certified to prevent most common types of molds

Antibacterial test: SGS certified over 99% sterilization rate of e. coli, aspergillus niger, klebsiella pneumoniae, staphylococcus aureus, and pseudomonas aeruginosa.

Non-toxic: SGS certified/Pass RoHS and EU SVHC test

Oral toxicity test: Pass and certified by ISO 17025 International labs

Animal skin test: Pass and certified by ISO 17025 International labs

SKG Antibacterial Nanotechnology

"SKG antibacterial nanotechnology" is a breakthrough innovation. It is a new nano silicide composite which contains more than 12 nano materials. When germs come into contact with SKG nano-antibacterial particles, they immediately destroy the reticular cell wall of the germs and directly penetrate into the cell. It rapidly acts on bacteria's oxidative metabolism, block and destruct its enzyme activity, suppresses the cell metabolism for preventing self-healing process. As a result, the germs will not only lose their ability to reproduce, they will also be destroyed. Bacteria are killed by this carefully designed capability.

"SKG antibacterial nanotechnology" will only act on prokaryotic cells, and cautiously planned not to affect the mammalian eukaryotic cells. The smart SKG antibacterial nanotechnology will only attack bacterial ribosome, not interfere with the mammalian ribosome which are very different compound.

Most of the antibacterial operation loses its sterilization function quickly after acted on bacteria. "SKG antibacterial nanotechnology" will still exist and not drain out even after elimination of bacteria. It immediately continues to function as soon as contacted with bacteria. Because of its potent, long-term effect, the sterilization automatically runs in non-stop 24-hour mode for over 10 years to provide you effortless, clean space.

Health and Environmental Protection

In order to maintain a clean and healthy space, unconsciously, have we used too much cleaning disinfectant? Chemical residues, not only harmful to our health, prone to lead to allergies, but also causes environmental pollution and brings negative impact on the Earth. Now, these problems have an easy solution by using infused SKG antibacterial technology materials. You only need to clean the dirty surface and do not have to use chemical for sterilization. Let AIKitchen's SmartClean series be your 24 Hours health guardian.

AIK+ 智慧居家

smart home

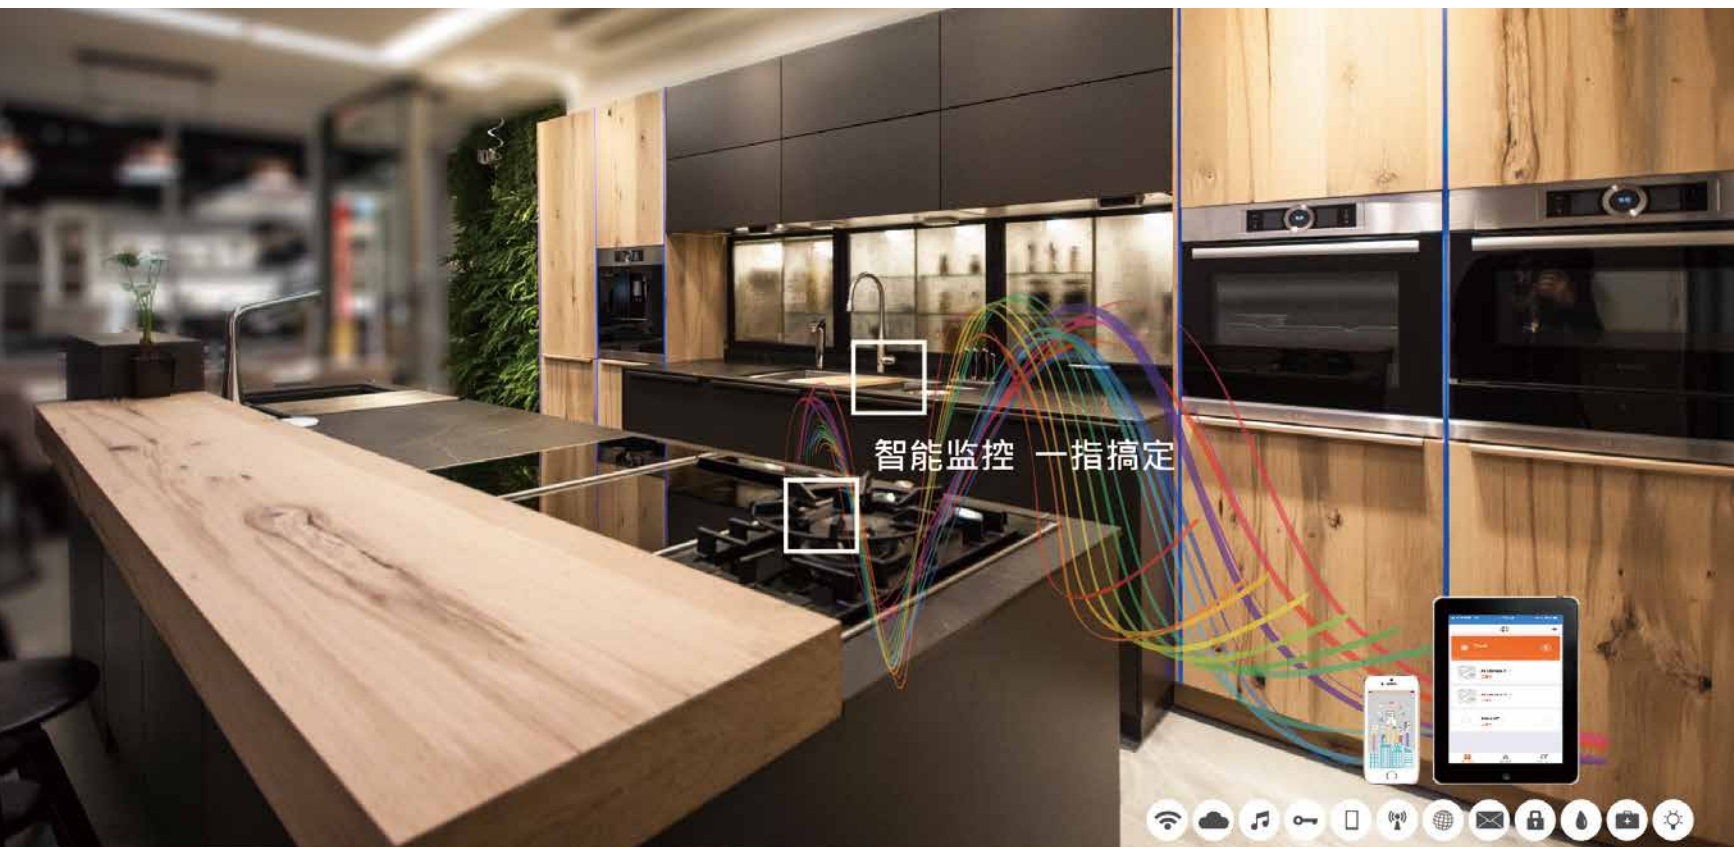

- 1| **安全。防護 Safe . Protect**
HD 攝影機搭配雷達感測器等設備，自動偵測、遠端監控、即時啟動相關防護措施。
HD cameras are equipped with radar sensors and other equipment to automatically detect, remotely monitor, and immediately activate relevant protective measures.
- 2| **智慧。便利 Smart . Convenient**
燈光、窗簾窗戶、保全防盜、冷氣、影音器材等傳統家電將可重新整合，透過情境設定，只需按一鍵，自動執行全部到位。
Lights, curtains, security system, air conditioners, home theater and more can be re-integrated. Simply press a button and a series of commands will be automatically executed.

- 3| **健康。照護 Health . Care**
透過多合一的感應器，針對居家環境問題連動各式設備，主動式維持健康環境。
Through the all-in-one sensor, various devices can be linked to address home environment issues and proactively maintain a healthy environment.
- 4| **節能。環保 Energy . Environmental**
即時追蹤並主動調控能源，讓您節省成本，安心愛護地球。
Real-time tracking and proactive control of energy allow you to save costs and protect the earth with peace of mind.

廚房保全

kitchen security system

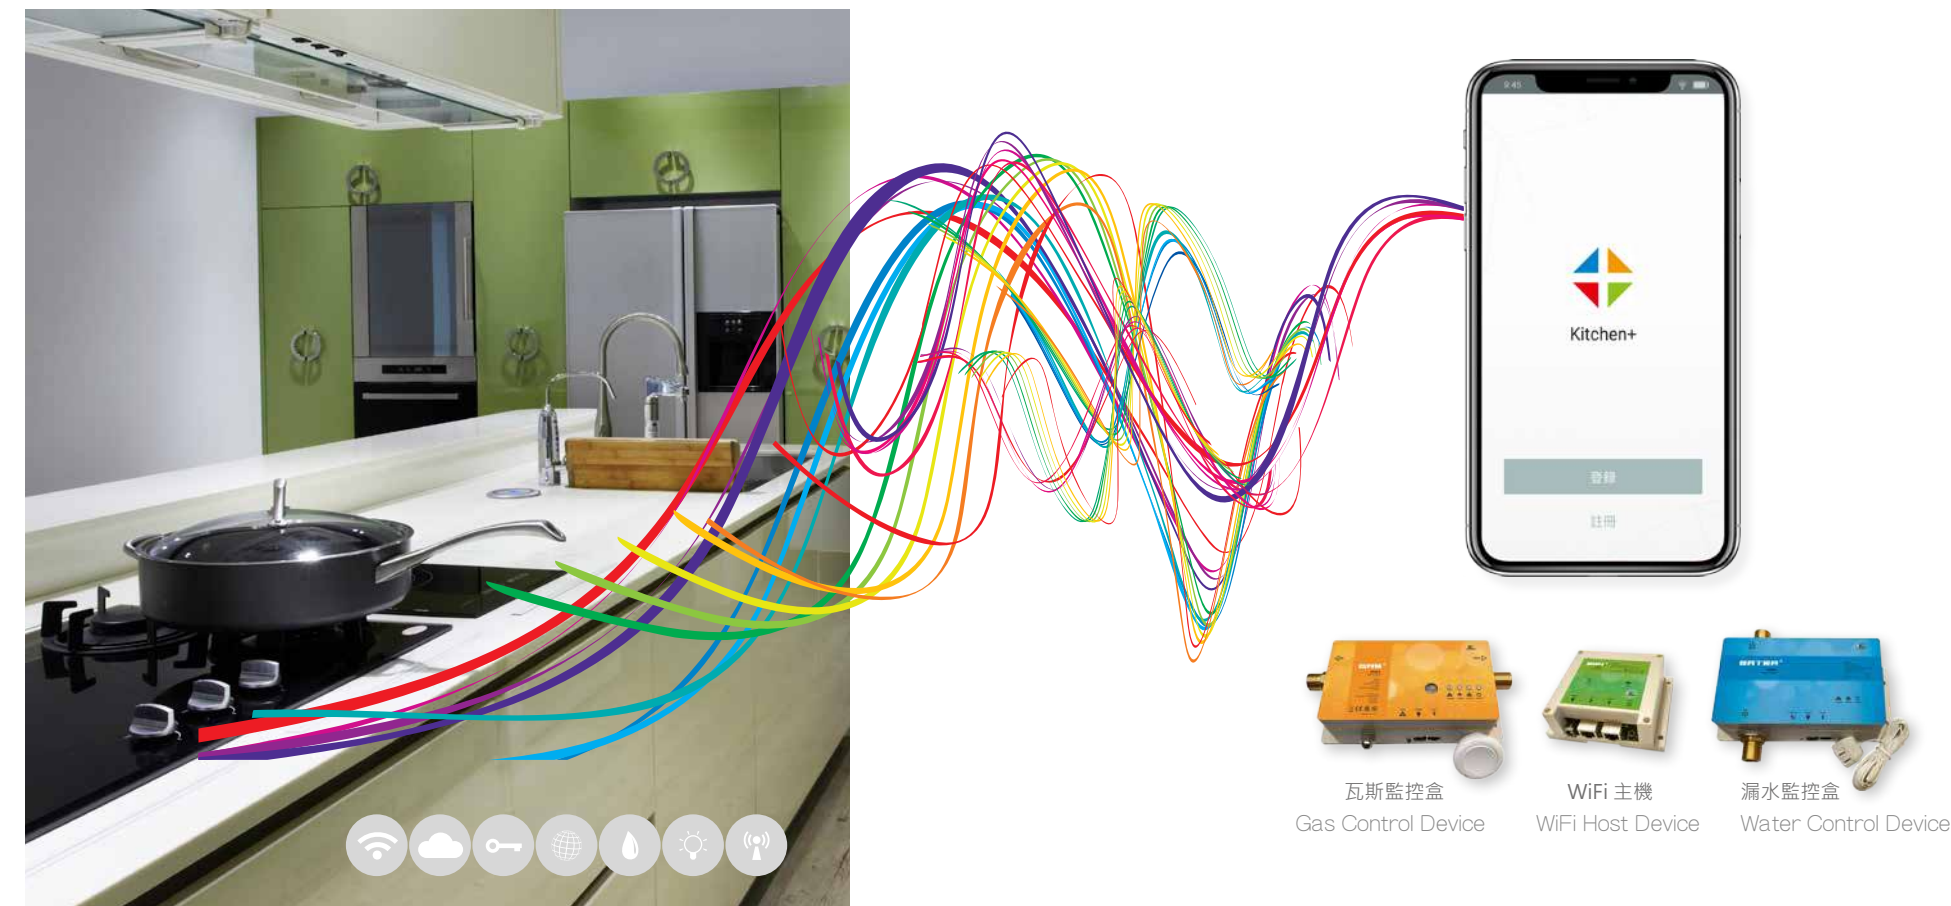

全方位的廚房自動監測、遠端控制及安全防护

獨立式智能 WiFi 主機 + 複合型感應器 + 自動控制安全閥門，可快速安裝，獨立運作。不論是您忘記關瓦斯或瓦斯不慎外泄，都能立即切斷瓦斯供給，漏水時自動關閉水源，確保居家廚房瓦斯及水使用上的安全。

透過廚房保全 APP，可隨時監控家中瓦斯爐火使用情況、瓦斯及水供給狀態，遠端關閉瓦斯及水源。自動推播功能在瓦斯外泄及漏水時，將立即通知您緊急處理。廚房保全 APP，讓您二十四小時隨時隨地確保居家安全。

Comprehensive gas / water automatic monitoring, remote control and safety protection

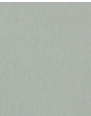

24 hours automatic protection
Check live status, remote access and set timer
Multiple devices can be shared and managed up to 10 people
Emergency: Gas leakage, automatically cut off gas, and alerts will be send
Emergency: Water leakage, automatically shut off of water, and alerts will be send
Automatic reconnection after power restored
Optional: Support SMART HOME Environmental Control
